SERVICES**

About us

Embracing Independence and Improving Lives.

Clover Healthcare Services-Supported Living recognises that each person's path is unique. Our supported living services are intended to empower persons facing a variety of obstacles by providing the necessary support while encouraging autonomy and a feeling of belonging.

Clover Healthcare Services appreciates your independence. Our supported living programmes are designed for those suffering from disorders such as:

- Physical Disabilities
- Learning disabilities
- Autism
- Mental health needs

We give exactly the perfect amount of support, enabling you to keep control over your life while obtaining the support you need for a healthy and empowered life.

Empowering Lives, Enriching Homes

Customised Support Plans

Nobody is the same, and neither are their support needs. Our personalised support plans guarantee that you get support where it is most needed, reflecting your own preferences and lifestyle.

Independence thrives at home.

The goal of supported living is to create a home in which independence can thrive. We're here to support you on your path, whether it's managing everyday activities, developing hobbies, or interacting with the community.

Holistic Well-being

Our approach goes beyond just physical care. We place a premium on your mental health, social relationships, and overall happiness. It is all about establishing an atmosphere in which you feel really supported and satisfied.

Empathetic and trained support staff

Our support team is not just well-trained; they are also caring people committed to improving your quality of life. Feel the warmth of a caring workforce that is concerned about your well-being.

Physical Disabilities

At Clover Healthcare Services, our dedication to helping individuals with physical disabilities goes beyond just providing assistance; it is about developing independence and improving overall well-being. Our customised plan includes:

- Environments that are easily accessible
- Adaptive Devices
- Carers with skill and compassion

Learning Disabilities

Clover Healthcare Services is committed to providing individuals with learning disabilities with a supportive and engaging environment. Our strategy includes the following steps:

- Customised Educational Support:
 - Life Skills Training:
 - Community Involvement:
-

Autism

Clover Healthcare Services understands the different needs of individuals with autism and is devoted to providing a supportive and inclusive environment. Our strategy includes the following steps:

- Sensory-Friendly Environments
- Personalised Behaviour Support Plans
- Developing social skills
- Trained and understanding staff

Mental health needs

For individuals with mental health needs, Clover Healthcare Services recognises the value of comprehensive support. Our complete strategy comprises the following components:

- Therapeutic Activities
 - Mental Health Professionals Who Have Been Trained
 - Partnership with Mental Health Services
-

Our Home

Clover Healthcare Services' supported living home offers a supportive atmosphere that is adapted to each individual's requirements. Here's a look at some of the elements that make our home a safe place for individuals seeking independence while still receiving support.

Clover Healthcare Services' supported living home offers a supportive atmosphere that is adapted to each individual's requirements. Here's a look at some of the elements that make our home a safe place for individuals seeking independence while still receiving support.

- Personalised Spaces:
 - Connection to the Community:
 - Trained and compassionate staff:
 - Amenities that are easily accessible:
 - Customised Support Services:
 - Activities to keep you involved:
-

Our Referral Process

1

Step 1: Get in Touch With Us

Reach out via phone or email to initiate the supported living referral process. We'll collect the relevant information and get started as soon as possible.

2

Step 2: Personalised Assessment

We'll do a one-on-one assessment to learn about the individual's present condition, support requirements, and goals for personalised care.

3

Step 3: Visit and Meet the Team

Following the recommendation for support, the individual in need and their family will visit one of our supported living facilities to meet the staff, see the surroundings, and receive answers to any concerns they may have.

4

Step 4: Funding Proposal

We'll write a financing request outlining the necessary support hours and submit it for approval. You will be kept up-to-date on the development.

5

Step 5: Smooth Transition

We'll set a move-in date and begin a guided transition when financing is approved. Our staff will provide ongoing support to enable a smooth transition into their new living situation.
